

## **MICHAEL VOLKER**

Michael Volker is the Director of Regulatory and Energy Services for Midwest Energy, Inc. in Hays, Kansas. He is responsible for managing regulated electric and gas utility rates, energy service activities, market and load research, and forecasting.

He holds undergraduate and graduate economic degrees from Penn State and North Carolina State Universities. Michael has over 20 years' experience in the energy and utility industries working for regulatory bodies, utilities, and consultants.

Michael was named an Adjunct Professor of Economics and Finance in 1999 at Fort Hays State University, where he teaches economics courses on a part-time basis. He has testified on rates, energy efficiency, and other utility matters before the Kansas Corporation Commission and Kansas Legislature. Michael has been a member of the Kansas Energy Council as the Energy Economist since its inception in 2002.
