|--|------------------|--|-------------|
|--|------------------|--|-------------|

GENERAL INSTRUCTIONS

- 1. This supplemental annual report shall be filed with the regular annual report of the respondent to the Kansas Corporation Commission, such regular report to be prepared on forms prescribed by the Federal Energy Regulatory Commission.
- 2. The principal purposes of this report are: (1) to set forth certain data not in the regular report or not given therein in the detail desired by this Commission, and (2) to secure data applicable to Kansas operations of the utility which will be helpful in the preparation of statistical studies and for noting trends, etc.
- 3. Companies operating in more than one state will be unable to assign all items relating to plant investment, operating expenses, etc. directly to separate state operations, but many items can be directly assigned. When an allocation is required, the basis therefore should be indicated (see Page 1 of this supplemental report).
- 4. It is not intended that companies be required to make comprehensive engineering and/or accounting studies annually in order to determine the allocations herein such as would be necessary for a general rate case. Therefore, it is desirable that for the purposes of this report, the bases of allocation be practical and reasonable so that they can be followed from year to year without substantial variation. Therefore, it is to be understood: (1) that the allocated amounts are not expected to be as accurate for any particular year as would be the case if an intensive analytical study of all facets of that year's operations had been made, (2) the acceptance of the supplementary report by the Commission does not infer approval in whole or in part of the allocation procedures followed, and (3) the utility filing the supplement is not precluded from preparing reallocations of the data submitted herein when submitting special studies in connection with rate and other matters.
- 5. Respondents operating wholly within the State of Kansas many, if desired, make reference to the regular report, giving page numbers, in each instance in which the data, if shown in the supplemental report, would be identical. **Note, however, that pages 1 and 2 should be completed in their entirety.
- 6. Show "None" or "Not Applicable" only when such response truly and completely states the facts. Such responses as "Not Available" and "Not Readily Available" should not be made unless their use is authorized by this Commission.
- 7. Sheets inserted in this report shall conform in size with the sheets herein, shall show appropriate references to tables in the main report which they support, shall have adequate margins and shall be securely bound in the report.

DO NOT FOLD OR ROLL

| ANNUAL REPORT OF | YEAR ENDING |
|------------------|-------------|
| | |

Subsequent Events

In the space below list all "material" events which have occurred, subsequent to the end of the reporting year and prior to the filing of this annual report, that have or will have an impact on the utility company. For each event listed describe the impact it has or will have on the utility company's financial statements and/or financial condition.

One Time / Unusual Occurrence

In the space below list all "material" one time or unusual occurrences, which have occurred during the reporting year for this annual report, that has or will have an impact on the utility company. For each occurrence listed describe the impact it has or will have on the utility company's financial statements and/or financial condition.

| ANNUAL REPORT OF | YEAR ENDING |
|------------------|-------------|
| | |

Corporate Guaranties

In the space below list all corporate guaranties issued by the utility or its parent on behalf of any affiliated interests as defined by K.S.A. §66-1401. for each guaranty provide the name of the affiliate along with the amount and terms including the beginning and ending dates. Describe what affect invoking the guaranty's would have on the financial condition of the utility company.

Cross Default Clauses

In the space below list all of the affiliates' (as defined by K.S.A. §66-1401) debt obligations that contain cross-default clauses linking the affiliates' performance under the debt agreements to the utility and/or its parent. For each debt obligation with a cross-default clause provide the name of the affiliate, a concise description of its business and a description of the debt obligation. Describe what effect invoking the cross default clause(s) would have on the financial condition of the utility company.

BASES OF ALLOCATION TO KANSAS OF UTILITY PLANT, OPERATING EXPENSES, ETC.

- In column (a), assign allocation basis reference numbers for each basis used in allocating Utility Plant and other items applicable to Kansas operations.
- In column (b), give a full description of each basis of allocation, showing designations and amounts of the factors involved in each equation or formula. 2.

| 3. | In columr | n (c), for each basis, show the percent of the Kansas portion of the to | tal. |

ELECTRIC PLANT IN SERVICE - KANSAS ONLY

(In addition to Account 101, Electric Plant in Service (Classified), this schedule includes Account 102, Electric Plant Purchased or Sold, Account 103, Electric Plant in Process of Reclassification, and Account 106, Completed Construction not Classified – Electric.

- 1. Report to the nearest dollar (cents omitted) the original cost of electric plant in service according to prescribed accounts.
- 2. This table is the equivalent of two tables in one: First Columns (b) to (e), inclusive, call for all Electric Plant in Service which is physically located in Kansas, regardless of how much is applicable to various states: Columns (f) to (h), inclusive, are concerned with determining the amounts of Electric Plant in Service applicable to Kansas operations at the end of the year, regardless of location.
- 3. In Column (f), show amounts at the end of the year representing plant which applies wholly to Kansas operations, irrespective of the physical location of such plant.
- 4. In Column (g), show the allocated Kansas portion of plant in service at the end of the year which is common to operations of Kansas and one or more other states, irrespective of the physical location of such plant.
- 5. Although no Column is provided for it, the total Electric Plant in Service applicable to Kansas operations is the total of amounts in Columns (f) and (g).
- 6. Column (h) shall show the reference numbers to allocation bases used in computing amounts in column (g). Allocations shall be based on generally accepted engineering and accounting principles (See table "Bases of Allocation to Kansas of Electric Plant in Service and Electric Operating Expenses", page 1).
- 7. If the same basis of allocation is applied to several accounts within a group (e.g. Accounts 330 to 336, inclusive), the total amount allocated to Kansas for such accounts may be shown if desired, in column (g) in a blank line at the bottom of the group and reference numbers shown in Column (h) instead of individual amounts for each account to the group so included.
- 8. Column (i) shall show the amounts of Electric Plant in Service at the end of the year which is common to Kansas and one or more other states. To determine such common plant: From the entire company total of the account or group of accounts, subtract (1) amounts directly assignable to Kansas, (2) amounts directly assignable to other states and (3) any other amounts located in other states, no part of which is applicable to Kansas.
- 9. If adjustments are included in column (c) and/or column (d), set forth by footnote (See page 5) the amount of debits and credits together with explanation.
- 10. State in a footnote or an insert on what dates journal entries for the year with respect to Accounts 102, "Electric Plant Purchased or Sold" was submitted to this Commission for approval.

^{*} State the nature and use of plant included in this account and if substantial in amount submit a supplementary schedule showing sub-account classification of such plant conforming to the requirements of this schedule.

Footnotes:

^{**} For each amount comprising the reported balance and changes in Account 102, state the property purchased or sold, name of vendor or purchaser, and date of transaction. If proposed journal entries have been filed with the Commission as required by the Uniform System of Accounts, give also date of such filing.

Accounts, give also date of such filing.

*** If any property is reported as "in process of reclassification," submit a supporting schedule showing amount of such property according to detail accounts in which classified.

SUMMARY OF UTILITY PLANT AND ACCUMULATED PROVISIONS FOR DEPRECIATION AND AMORTIZATION

1. This table should be submitted with amounts to the nearest dollar (cents omitted).

2. Amounts shown hereunder shall be as of the year end. Show in column (e) reference to allocation bases

set forth on page 1 of this Supplemental Report.

FOOTNOTES:

| | ANNUAL REPORT OF | | YEAR ENDING |
|--|------------------|--|-------------|
|--|------------------|--|-------------|

ELECTRIC OPERATING REVENUES (Account 400) KANSAS ONLY

- 1. Report below the amount of operating revenue for the year for each prescribed account and the amount of increase or decrease over the preceding year.
- 2. If increases and decreases are not derived from preciously reported figures, explain any inconsistencies.
- 3. Number of customers should be reported on the basis of number of meters, plus number of flat rate accounts, except that where separate meter readings are added for billing purposes, one customer shall be counted for each group of meters so added. The average number of customers means the average of the 12 figures at the close of each month. If the customer count in the residential service classification includes customers counted more than once because of special services, such as water heating, etc., indicate in a footnote the number of such duplicate customers included in the classification.
- 4. Unmetered sales should be included below. The details of such sales should be given in a footnote.

5. Classification of Commercial and Industrial Sales, Account 442, according to Small (or Commercial) and Large (or industrial) may be according to the basis of classification regularly used by the respondent if such basis of classification is not greater generally than 1000 KW of demand. See Account 442 of the Uniform System of Accounts. Explain basis of classification.

SALES OF ELECTRICITY BY RATE SCHEDULES - KANSAS OPERATIONS ONLY

- 1. Report below for each Kansas rate schedule in effect during the year the data as called for in the several column unless such data will be a duplication of information shown on page 304 of the regular report (in which case, merely make reference below to page 304 of the regular report.)
- 2. Provide a sub-heading and total for each operating revenue account in the sequence followed on page 8 of this supplement. If the sales under any rate schedule are classified in more than one revenue account list the rate schedule and sales data under each applicable revenue account subheading.
- 3. Instructions 3, 4, and 5 of the schedule on page 304 of the regular report are also to be followed in preparation of the information below.

SALES OF ELECTRICITY BY KANSAS COMMUNITIES (Page 1 of 2)

A similar schedule in the regular report calls for sales of electricity by communities of 10,000 population or more by separate states. In the schedule below such information for the State of Kansas is to be listed for all communities served.
 "Communities" mean: "Cities, towns, villages and cross-road communities served on other than standard rural rates".

| 2 | . "Communities" mean: "Cities, towns, village | | | | | | | |

SALES OF ELECTRICITY BY KANSAS COMMUNITIES (Page 2 of 2)

3. If sales by all Kansas communities are set forth fully in the regular report, the following schedule need not be prepared. In such case, merely make reference to the page in the regular report where sales by Kansas communities may be found.

The information below should be on the same basis as provided in the schedule on page 8 of this supplement except cents may be omitted on reporting revenues and the totals for the various accounts should agree with the accounts for

those accounts shown on page 8.

TAXES CHARGED - KANSAS OPERATIONS ONLY - (Account 408 - 411, inclusive)

- This table should be submitted with amounts to the nearest dollar (cents omitted). 1.
- Figures herein should represent the portion applicable to Kansas of all taxes for the calendar year, by 2. classes, which are charged to Account 408 – 411, inclusive, "Taxes".
- In column (a), be specific and thorough in describing all classes of taxes. 3.
- 4. Provide subheading for the various accounts.
- If any class of taxes is allocated on a basis other than any shown on page 1, explain fully, properly 5. referenced, either in a footnote or an insert.

MONTHLY ELECTRIC PLANT INVESTMENT DATA

- 1. This table may be submitted to the nearest dollar, if desired.
- 2. When plant represented by construction work orders has been placed into service and the aggregate costs thereof have been substantially determined, but the amounts applicable to primary plant accounts cannot be promptly ascertained, it is preferable for reporting purposes below to show the balance of such work orders in Account 106 Completed Construction Not Classified (rather than in Account 107 Construction Work in Progress).
- 3. The average for the year for each column should be computed as follows: Multiply by 2 the sum of amounts shown in lines 2 to 12, inclusive. To this product add the amounts shown in lines 1 and 13. Then divided such total by 24. the result is the average of the monthly averages.

ELECTRIC DISTRIBUTION METERS AND LINE TRANSFORMERS - KANSAS ONLY

Table 1

- 1. Report below the information called for concerning distribution watt-hours meters and line transformers.
- 2. Watt-hour demand distribution meters should be included below but external demand meters should not be included.
- 3. Show in a footnote the number of distribution watt-hour meters or line transformers held by the respondent under lease from others, jointly owned with others, or held otherwise than by reason of sole ownership by the respondent. If 500 or more meters or line transformers are held under a lease, give name of leasor, date and period of lease, and annual rent. If 500 or more meters or line transformers are held other than by reason of sole ownership or lease, give name of co-owner or other party, explain basis of accounting for expenses between the parties, and state amounts and accounts affected in respondent's books of account. Specify in each case whether leasor, co-owner, or other party is an associated company.
