THIRD CLASS CITIES
MUNICIPAL GAS UTILITIES
ANNUAL REPORT GENERAL DIRECTIONS

SCHEDULE B: GAS CUSTOMER AND SALES DATA

Column (b) Total for the Gas Department-
For each item listed in column (a), include the customer and sales data for **all** customers. Include all customers **within the city limits, within the 3 – mile zone and outside the 3 – mile zone.**

Column (c) K.C.C. Jurisdictional –
For each item listed in column (a), include only the customer and sales data pertaining to customers **outside the 3 – mile zone.**

SCHEDULE C: GAS DEPARTMENT INCOME STATEMENT AND PORTION THEREFORE
APPLICABLE TO K.C.C. JURISDICTION

Column (b) For each Gas Department Income item listed in Column (a), include only the gross amount of revenues and expenses related to the gas department for **all** customers. Normally, revenues can be determined directly from billing records and can be determined without allocations. Refer to allocation instructions below.

Column (c) For each Gas Department Income item listed in Column (a), include only the allocated portion of revenues and expenses associated with the K.C.C. Jurisdictional customers. (Those customers **outside the 3 – mile zone.**)

An allocation should be made for each revenue and expense category. The most common allocation is based on MCF sales, which is the percentage of KCC Jurisdictional customers' total sales revenue out of the total MCF sales to **all** customers. In most cases, the cost of purchased gas, materials and supplies, and other expenses can be properly allocated on the basis of MCF sales.

Depreciation and/or Amortization expenses relates to Plant Investment. Therefore, the Plant should first be allocated between Non-Jurisdictional and Jurisdictional operations (SCHEDULE E). Depreciation/Amortization is then allocated on the basis of the Plant Ratios determined.

In the FOOTNOTES at the bottom of Schedule C, explain what basis was used for allocating total gas department expenses to KCC Jurisdictional customers/operations. For example: "Purchased gas was allocated on the basis of MCF sales" or "Depreciation/Amortization was allocated on the basis of Plant Investment". Also provide an explanation as to how the Annual Depreciation/Amortization expense was determined.

SCHEDULE D: GAS RECEIPTS, GAS DELIVERIES AND GAS UNACCOUNTED

Column (a) For items 1(a) through 1 (e), list the information pertaining to gas purchases.

Column (b) For each item listed in column (a), list the MCFs purchased, produced or sold.

Column (c) Provide the total MCFs purchased, produced, or otherwise received, (Sum of lines 1-2) on Line 3. Provide the total MCFs sold, used by the gas department, and delivered to others without charge, (sum of lines 4-6) on Line 7.

Column (c) Line 8, "Gas Unaccounted For" is the difference between the Total Gas Receipts (Line 3) and the Total Gas delivered (Line 7),
