**GENERAL RULES AND REGULATIONS**

Governs all sections of this tariff unless otherwise provided within individual sections.

Except as otherwise provided herein, the rates named in this tariff include one pick-up and loading at point of origin and one delivery and unloading at point of destination.

**RULES AND REGULATIONS****RULE 1****PROPERTY SUBJECT TO UNIFORM HOUSEHOLD GOODS BILL OF LADING**

(a) Unless otherwise provided, when property is transported subject to the provisions of this tariff, or as amended the acceptance and the use of the Uniform Household Goods Bill of Lading, as described herein is required.

The rates shown herein are conditioned upon the use of the Uniform Household Goods Bill of Lading. Consignor, at his option, may elect not to accept the terms of the Uniform Household Goods Bill of Lading, and in lieu thereof to have the carrier transport the property with carrier's liability limited only as provided by common law, and by the laws of the United States and of the State of Kansas insofar as they apply, but subject to the terms and the conditions of the Uniform Household Goods Bill of Lading insofar as such terms and conditions are not inconsistent with such common carrier's liability; the rate charged therefore will be 100% higher than the transportation rate contained in this tariff as would apply for such shipment if offered for transportation at a released value not exceeding 60 cents per pound, per article. When the consignor elects not to accept any of the terms of such bill of lading he must give notice to the initial carrier of such election. The initial carrier must indicate the receipt of such notice by writing or stamping thereon a clause signed by the carrier reading:

"In consideration of the higher rate charged, the property herein described will be carried, and the services to be rendered hereunder will be performed with the carrier's liability limited only as provided by law; but subject to the terms and conditions of this bill of lading insofar as they are not inconsistent with such common carrier's liability."

**RULE 2****INSURANCE**

The cost of any insurance in the name of the shipper, or for the benefit of the shipper, will not be assumed by the carrier.

**RULE 3****DECLARATION OF VALUE**

(a) Shippers are required to specifically, in writing, the agreed or declared value of the property. (b) Valuations shall be declared and stated in cents or dollars and cents per pound per article.

(Continued)

For explanation of abbreviations and reference marks, see last page.

ISSUED: August 12, 2005

EFFECTIVE: August 15, 2005

ISSUED BY: KMCA Tariff Department, P.O. Box 1673, Topeka, Kansas 66601-1673

RULES AND REGULATIONSRULE 3  
DECLARATION OF VALUE (Concluded)

(c) If shipper declines to declare the value or agree to a released value in writing, the shipment cannot be accepted.

(d) The agreed or declared value shall be deemed to relate to all services undertaken by the carrier or its agents and to each article separately and not to the shipment as a whole, and such agreed and declared value must be entered on Bill of Lading in the following form:

The agreed or declared value of the property is hereby specifically stated by the shipper to be not exceeding \$\_\_\_\_\_per pound per article

(e) Shipper may declare, on specific articles, valuations in excess of value declared on the shipment and each such article must be described and its value set forth in space provided on Bill of Lading. Such shipment will be subject to an additional charge in the amount of two percent (2%) of the total excess value declared for such article or articles. Articles on which the shipper declares a value of more than \$10,000 each will not be accepted for transportation.

RULE 4  
BASIS OF WEIGHT

(a) The tare weight of each vehicle used in the transportation of household goods shall be determined by having it weighed prior to the transportation of each shipment, without the crew thereon, by a certified weigh master or on a certified scale, and when so weighed the gasoline tank on each such vehicle shall be full and the vehicle shall contain all blankets, pads, chains, dollies, hand trucks, and other equipment needed in the transportation of such shipment. Each carrier shall retain the vehicle, subject to inspection, a weigh master's certificate or weight ticket as to each such vehicle showing the tare weight, the date weighed, and a list of such equipment.

(b) After the vehicle has been loaded it shall be weighed, without the crew thereon, prior to delivery of the shipment and the net weight shall be determined by deducting the tare weight from the loaded weight, except that in instances where no adequate scale is located at origin or at any point within a radius of 10 miles thereof, a constructive weight, based on seven pounds per cubic foot of properly loaded van space, may be used. The gross weight, tare weight, and net weight, or the constructive weight, shall be shown on the Bill of Lading and Freight Bill.

(c) In the transportation of part loads this rule shall apply in all respects, except that the gross weight of a vehicle containing one or more part loads may be used as the tare weight of such vehicle as to part loads subsequently loaded thereon, and a part load for anyone shipper, not exceeding 1,000 pounds, may be weighed on a certified scale prior to being loaded on a vehicle, such part load to be accompanied by a weight ticket evidencing such weighing.

(d) All tare, gross, actual or constructive weights shall be properly certified to by the person or persons who ascertained such weights.

Charges shall be computed on the basis of actual weight of shipment and at the rate applicable thereto subject to a minimum charge of 5,000 pounds at the rate applicable thereto. The carrier shall not be required to provide exclusive use of vehicle under this paragraph. For exclusive use of vehicle, refer to Paragraph (C) of this rule.

2. Storage in transit charges for the first 30-day period storage in transit.
3. Charges for additional services including valuation charges, advances and other lawful charges.

(e) When during any one of the 30-day periods within the storage in transit period provided herein, the shipper has given notice for final delivery of the shipment on date fifteen (15) days prior to the expiration of such 30-day period, and the carrier, by no fault of the shipper, fails to provide transportation within such 30-day period, storage in transit or storage charges shall not apply beyond such 30-day period unless shipper cancels or rescinds order for final delivery. All other provisions under the tariff will continue in effect until further transportation is made available by the carrier. Until all lawful charges are paid, property will remain in carrier's or agent's warehouse subject to a lien for all such charges.

(f) The transportation charges to apply on shipments stored in transit under this rule and forwarded from warehouse will be (a) the applicable tariff rate from initial point of pick-up to warehouse, and, (b) the applicable tariff rate from warehouse location, which, for rate application purposes, will be considered a new point of origin, to destination point viz:

2. When point of pick-up or delivery and warehouse are not in the corporate limits of the same municipality, the pick-up or delivery transportation rate for distances of fourteen (14) miles or less, will be as shown in Item 260. STORAGE IN  
TRANSIT

(h) When a storage in transit shipment has been placed in a carrier's or agent's warehouse, both the carrier and the warehouse must have in the possession records showing the following: (1) An itemized list of the shipment with the Bill of Lading number noted thereon. (2) Point of origin and destination. (3) Condition of each article when received at and forwarded from the warehouse. (4) The dates when all charges, advances, or payments were made or received. (5) Dates shipment was delivered into and forwarded from the warehouse.

(i) During the storage in transit period, shipper may withdraw a portion of the property, provided that all accrued charges on the shipment are paid prior to such withdrawal, except as provided by Rule 20. When the selection of items requires unstacking and/or restacking of the shipment or a portion of the shipment, charges for such handling shall be assessed in accordance with Item 130. Charges for transportation furnished, if any, for portion selected for delivery shall be assessed on same basis as would apply to that portion as an individual shipment. With reference to the portion of the shipment which remains in the warehouse, shipper may elect in writing to terminate the storage in transit service and place the remaining property in storage with the warehouseman in possession, in which event the warehouse will be considered the destination of the shipment. If the shipper elects to have the remaining portion remain in storage in transit, the following shall be applicable:

1. Storage in transit charges, if any, for the balance of the storage in transit period shall be assessed on the same basis as would apply to the remainder of the shipment as an individual shipment.
2. Shipper may prepare in writing and file, with the carrier or warehouseman in possession, a revised declaration of value covering the portion of the property remaining in storage in transit (as provided by and subject to the provisions of Rule 3 for the original shipment) and in such cases the valuation charge for the property remaining in storage in transit after such partial delivery or deliveries have been effected shall be based on such revised declarations of value. In the event that the shipper does not file such revised declarations of value covering the portion remaining on storage in transit will be based on the value declared on the original shipment.

Shipper may not, during the storage in transit period provided herein, file an original declaration of value on the entire shipment, or file a revised declaration of value on the portion of a shipment remaining in storage in transit (after delivery of a portion of the shipment has been effected) in an amount greater than the amount of the declaration of value applicable during transportation to warehouse for storage in transit, nor will carrier or its agent accept such original or revised declaration of value.

3. Charges for transportation furnished, if any, for the delivery of the remainder of the shipment shall be assessed on the same basis as would apply to that portion as an individual shipment.

**NOTE:** All rates and charges applicable from origin to destination on shipment stored in transit shall be those in effect on the date shipment was loaded at point of origin.

(e) In case of quarantine the property may be discharged at the risk and expense of the owners into quarantine depot or elsewhere, as required by quarantine regulations, or authorities, and in such case, carrier's responsibility shall cease when the property is so discharged, or property may be returned by carrier at owner's expense to shipping point earning charges both ways. Quarantine expenses of whatever nature or kind upon or in respect to property shall be borne by the owners of the property or be a lien thereon. The carrier shall not be liable for loss or damage occasioned by fumigation or disinfection or other acts done or required by quarantine regulations or authorities even though the same may have been done by carrier's officers, agents, or employees, nor for detention, loss, or damage of any kind occasioned by quarantine or the enforcement thereof. No carrier shall be liable, except in case of negligence, for any mistake or inaccuracy in any information furnished by the carrier, its agents, or officers, and to quarantine laws or regulations. The shipper shall hold the carriers harmless from any expense they may incur, or damages they may be required to pay, by reason of the introduction of the property covered by this contract into any place against the quarantine laws or regulations in effect at such place.

Sec. 2. (a) No carrier is bound to transport said property by any particular schedule, vehicle, train or vessel or otherwise than with reasonable dispatch. Every carrier shall have the right in case of physical necessity to forward said property by any carrier or route between point of shipment and the point of destination. In all cases not prohibited by law, where a lower value than actual value has been represented in writing by the shipper or has been agreed upon in writing as the released value of the property as determined by the classification or tariffs upon which the rate is based, such lower value shall be the maximum amount to be recovered, whether or not such loss or damage occurs from negligence.

(b) As a condition precedent to recovery, claims must be filed in writing with the receiving or delivering carrier, or carrier issuing this bill of lading, or carrier in possession of the property when the loss, damage, injury or delay occurred, within nine months after delivery of the property (or in case of export traffic, within nine months after delivery at port of export) or, in case of failure to make delivery, then within nine months after a reasonable time, for delivery has elapsed; and suits shall be instituted against any carrier only within two years and one day from the day when notice in writing is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts thereof specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier hereunder shall be liable, and such claims will not be paid.

(c) Any carrier or party liable on account of loss or damage to any of said property shall have the full benefit of any insurance that may have been effected upon or on account of said property so far as this shall not avoid the policies or contracts of insurance; provided that the carrier reimburse the claimant for the premium paid thereon. Sec. 3. Except where such service is required and the result of carrier's negligence, all property shall be subject to necessary cooperage, packing and repacking at owner's cost.

Sec. 4. (a) Property not received by the party entitled to receive it within the free time (if any) allowed by tariffs lawfully on file (such free time to be computed as therein provided) after notice of the arrival of the property at destination or at the port of export (if intended for export) has been duly sent or given, and after placement of the property for delivery at destination, or at the time tender of delivery of the property to the party entitled to receive it or at the address given for delivery has been made, may be kept in vehicle, warehouse or place of business of the carrier, subject to the tariff charge for storage and to carrier's responsibility as warehouseman, only, or at the option of the carrier, may be removed to and stored in a warehouse at the point of delivery or at other available points, at the cost of the owner, and there held without liability on the part of the carrier, and subject to a lien for all transportation and other lawful charges including a reasonable charge for storage. In the event, the consignee cannot be found at the address given for delivery, then in that event, notice of the placing of such goods in warehouse shall be left at the address given for delivery and mailed to any other address given on the bill of lading for notification, showing the warehouse in which such property has been placed, subject to the provisions of this paragraph.

CONTRACT TERMS AND CONDITIONS (Continued)

(b) Where nonperishable property which has been transported to destination hereunder is refused by consignee or the party entitled to receive it upon tender of delivery, or said consignee or party entitled to receive it fails to receive it or claim within 15 days after notice of arrival of the property at destination shall have been duly sent or given, the carrier may sell the same at public auction to the highest bidder, at such place may be designated by the carrier; provided, that the carrier shall have first mailed, sent, or given to the consignor notice that the property has been refused or remains unclaimed, as the case may be, and that it will be subject to sale under the terms of the bill of lading if disposition be not arranged for, and shall have published notice containing a description of the property, the name of the party to whom consigned, and the time and place of sale, once a week for two successive weeks, in a newspaper of general circulation at the place of sale or nearest place where such newspaper is published; provided, that 30 days shall have elapsed before publication of notice of sale after said notice that the property was refused or remains unclaimed was mailed, sent, or given.

(c) Where perishable property which has been transported hereunder to destination is refused by consignee or party entitled to receive it shall fail to receive it promptly, the carrier may, in its discretion, to prevent deterioration or further deterioration, sell the same to the best advantage at private or public sale: provided, that if there be time for service of notification to the consignor or owner of the refusal of the property or the failure to receive it and request for disposition of the property, such notification shall be given, in such manner as the exercise of due diligence requires, before the property is sold.

(d) Where the procedure provided for in the two paragraphs last preceding is not possible, it is agreed that nothing contained in said paragraphs shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law.

(e) The proceeds of any sale made under this section shall be applied by the carrier to the payment of advances, tariff charges, packing, storage, and any other lawful charges and the expense of notice, advertisement, sale, and other necessary expense and of caring for and maintaining the property, if proper care of the same requires special expense; and should there be a balance, it shall be paid to the owner of the property sold hereunder.

(f) Where the carrier is directed to load property from (or render any services at) a place or places at which the consignor or his agent is not present, the property shall be at the risk of the owner before loading. Where the carrier is directed to unload or deliver property (or render any services) at the place or places at which the consignee or its agent is not present, the property shall be at the risk of the owner after unloading or delivery.

Sec. 5. No carrier hereunder will carry or be liable in any way for any documents, specie, or for any articles of extraordinary value not specifically rated in the published classifications or tariffs unless a special agreement to do so and a stipulated value of the articles are endorsed hereon.

Sec. 6. Explosives or dangerous goods will not be accepted for shipment. Every party whether principal or agent shipping such goods shall be liable for and indemnify the carrier against all loss or damage caused by such goods and carrier will not be liable for safe delivery of the shipment.

Sec. 7. The owner or consignee shall pay the advances, tariff charges, packing and storage, if any, and all other lawful charges accruing on said property; but, except in those instances where it may lawfully be authorized to do so, no carrier shall deliver or relinquish possession at destination of the property covered by this bill of lading until all tariff rates and charges thereon have been paid. The consignor shall be liable for the advances, tariff charges, packing, storage and all other lawful charges, except that if the consignor stipulates, by signature, in the space provided for that purpose on the face of this bill of lading that the carrier shall not make delivery without requiring payment of such charges and the carrier, contrary to such stipulation, shall make delivery without requiring such payment, the consignor (except as hereinafter provided) shall not be liable for such charges: Provided, that, where the carrier has been instructed by the shipper or consignor to deliver said property to a consignee other than the shipper or consignor, such consignee shall not be legally liable for transportation charges in respect of the transportation of said property (beyond those billed against him at the time of delivery for which he is otherwise liable) which may be found to be due after the property has been delivered to him, if the consignee (a) is an agent only and has no beneficial title in said property, and, (b) prior to delivery of said property has notified the delivering carrier in writing of the fact of such agency and absence of beneficial title, and, in the case of a shipment reconsigned or diverted to a point other than that specified in the original bill of lading, has also notified the delivering carrier in writing of the name and address of the beneficial owner of said property; and in such cases the shipper or consignor, or, in the case of a shipment so reconsigned or diverted, the beneficial owner, shall be liable for such additional charges. If the consignee has given to the carrier erroneous information as to who the beneficial owner is, such consignee shall himself be liable for such additional charges. Nothing herein shall limit the right of the carrier to require at time of shipment, the prepayment of the charges. If upon inspection it is ascertained that the articles shipped are not those described in this bill of lading, the advances or tariff charges must be paid upon the articles actually shipped.

Sec. 8. If this bill of lading is issued on the order of the shipper, or his agent, in exchange or in substitution for another bill of lading, the shipper's signature to the prior bill of lading as to the statement of value or otherwise, or election for common law or bill of lading liability, in or in connection with such prior bill of lading, shall be considered a part of this bill of lading as fully as if the same were written or made in or in connection with this bill of lading. Sec. 9. Any alteration, addition or erasure in this bill of lading which shall be made without the special notation hereon of the agent of the carrier issuing this bill of lading shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

**CONVERSION TABLE OF RATES**

These tables shall be used to determine the rate on a shipment when such shipment is released to a value exceeding 60 cents per pound per article. The method by which such rates are determined is outlined below:

**EXPLANATION**

**TABLE A, 100% of Base Rate** --Table A contains the rate applying on a shipment moving at a released value of not exceeding 60 cents per pound per article.

**TABLE B, 105% of Base Rate** --Table B contains the rate applying on a shipment when such shipment has been released to a value exceeding 60 cents per pound per article but not exceeding 75 cents per pound per article.

**TABLE C, 110% of Base Rate** --Table C contains the rate applying on a shipment when such shipment has been released to a value exceeding 75 cents per pound per article but not exceeding \$1.50 per pound per article.

**TABLE B RATES**

(1) To determine the rate on a shipment released to a value exceeding 60 cents per pound per article but not exceeding 75 cents per pound per article, first locate the base rate of such shipment in Table A; the rate directly opposite in Table B will be the applicable rate.

**TABLE C RATES**

(2) To determine the rate on a shipment released to a value exceeding 75 cents per pound per article but not exceeding \$1.50 per pound per article, first locate the base rate of such shipment in Table A; the rate directly opposite in Table C will be the applicable rate.

## SECTION 4

FUEL COST PRICE ADJUSTMENT (SURCHARGE)

Beginning fuel cost based on \$1.485 which used to determine transportation rates approved by the Kansas Corporation Commission and published in KMCA Tariff 40-N on Jan. 15, 2001.

A Fuel-Related Cost Price Adjustment (Surcharge) will apply on transportation charges as provided herein. (a)

On the first Monday of each calendar month, the "National U.S. Average" price per gallon of diesel fuel will be determined based on the price stated by the U.S. Department of Energy (DOE), Energy Information Administration's (EIA) survey of "Retail On-Highway Diesel Prices". This price will be obtained by calling the DOE Fuel Hot Line at 202-586-6966 or via the DOE web site at www.eia.doe.gov. Also refer to www.promover.org for current prices and additional information.

- (b) If the first Monday of the calendar is a Federal Holiday, the price will be determined based on the stated DOE price available on the next subsequent business day (Tuesday).
- (c) The DOE fuel price obtained will then be indexed based on the fuel price/adjustment factor matrix set forth in this item to determine the Fuel Cost Price Adjustment that will become applicable on the fifteenth (15th) day of the same month. The adjustment determined will apply for shipments loaded on the 15th day of the month and remain in effect through the 14th day of the following month starting from the effective date of this item.

**When the DOE Fuel Price Per Gallon reported becomes on the first Monday of the month is:**      **The Fuel Cost Adjustment Factor that effective on the 15th day of the same month is:**

<b>Less than \$1.485</b>	<b>0%</b>
<b>From \$1.485 to \$1.574</b>	<b>1%</b>
<b>From \$1.575 to \$1.674</b>	<b>2%</b>

<b>From \$1.875 to \$1.974</b>	<b>5%</b>
<b>From \$1.975 to \$2.074</b>	<b>6%</b>

<b>From \$2.375 to \$2.474</b>	<b>10%</b>

**NOTE 1: If the DOE fuel price per gallon exceeds \$2.474, the 10% Fuel Surcharge will increase 1% for every ten cents (\$.10) per gallon increase in the price above \$2.474 per gallon.**
